

# South Pinetree Boulevard Sidewalk Options

The following boards present three different approaches to including sidewalks in the South Pinetree Improvement Project. All options include left turn lanes at W. Jackson St., M.L.K. Dr., and the former State Hospital, and a roundabout at Magnolia St. In addition, all options include resurfacing the existing road between W. Jackson St. and Old Monticello Rd.

## Option C

This option combines both elements of options A and B. It completes the sidewalk between West Jackson St and MLK Dr, and continues this sidewalk along South Pinetree Blvd to the roundabout at Magnolia St. It also extends the walking trail from Varnadoe Park to the proposed sidewalk extension on Magnolia St.

**Estimated Cost:**  
**\$3,300,000\***  
\*includes 15% contingency

- Sidewalk (8' - 10') Existing / Under Construction
