OLD BUSINESS

Second Reading of six separate ordinances to demolish unfit structures as listed.
Council considered second readings of six separate ordinances to demolish structures at the following Thomasville, Georgia locations: 411 West Monroe Street, 108 Bibb Street, 410 Grady Street, 309 Simeon Street, 1211 South Street, and 519 South Street. Chief Building Official, Mark Harmon, reported collectively the ordinances remained unchanged from the first readings. He further reported all of the structures represented are on the list of dilapidated structures that is currently maintained in the Building Department. Each of the structures have long been abandoned and have been in a deteriorating state without utilities for a decade or more. All were brought before the City Manager in an advertised hearing where an order was lawfully issued to demolish these structures. The time limit on each order expired on July 6, 2018. The required appraisals have been completed to confirm that they meet the threshold for demolition. Title searches were performed, notices of the orders were mailed to all parties identified, and orders were posted on site and printed in the required intervals in the legal section of the Times Enterprise per the requirement by City of Thomasville ordinances and Georgia Law.

NEW BUSINESS

First reading of an ordinance to rezone 630 Grady Street from C-1 LU (Adult Daycare) to C-1 LU (Mini-Storage Buildings).

City Planner, Kenneth Thompson presented. The applicant is seeking to rezone their property at 630 Grady St from C-1LU Commercial Limited Use (Adult Day Care) to C-1LU Commercial Limited Use (Mini-Storage Buildings). This parcel is currently zoned as “Limited Use” (LU). The intent of the LU zoning is to provide conditional approval for a specific use that would expire once the particular use has ended. A rezoning is required to provide approval for a different use. The property owners originally requested a rezoning of the property from C-1-LU to C-1 Commercial to develop a mini-building storage facility on the site. A C-1 Commercial rezoning would enable by right all allowable uses on this property. The property borders an M-Manufacturing zoned district to the north and R-1 Single-Family Residential zoned parcels on its remaining edges. Staff recommended to the Planning and Zoning Board that the property be rezoned to C-1 Limited Use (Mini-Storage Buildings) with the noted conditions to limit potentially incompatible uses adjacent to residential properties. The rezoning proposal with the identified conditions will permit a use that is suitable in view of the use and development of the adjacent and nearby property:

- The underlying zoning for the property is C-1LU Adult Day Care. Rezoning the property to C-1LU Mini-Storage Buildings with the noted conditions will not adversely affect the adjacent properties, and will permit uses that are suitable for the property and existing infrastructure.

For a conditional use, additional restrictions or standards may be imposed as necessary to protect the health and safety of community members, and to protect the value and use of property in the general neighborhood, as set forth in Section 22-382 of the Thomasville Municipal Code. In recommending this rezoning to Council, the Planning and Zoning Board requests the following conditions be placed on the property:

- A Maximum Lot Coverage equal to or less than 60%
- A 20 foot landscaped buffer around the perimeter of the property. One evergreen shrub shall be installed for every 5 linear feet of fence on the side of the fence or wall facing a neighboring property or right-of-way.
- Lighting – All exterior illuminating devices shall be fully shielded. “Fully Shielded” shall mean that those fixtures so designated shall be shielded in such a manner that light rays emitted...
by the fixture, either directly from the lamp or indirectly from the fixture are projected below the horizontal plane running though the lowest point of the fixture where light is emitted. Continuous light spillage onto neighboring properties shall not exceed (1) foot-candle as measured at the lot line.

Councilmember Hufstetler moved to order the ordinance to rezone 630 Grady Street read for the first time, passed and carried over as presented. Councilmember Presha seconded. There was no further discussion. The motion passed 5-0, with the following votes recorded:

AYES: Mayor Pro Tem Scott and Councilmembers Hufstetler, Flowers, Mobley and Presha.

The following ordinance was ordered read for the first time, passed and carried over:

AN ORDINANCE TO AMEND THE COMPREHENSIVE ZONING ORDINANCE OF THE CITY OF THOMASVILLE, GEORGIA, OF 1971, AS AMENDED WHICH IS SET FORTH IN THE CODE OF THE CITY OF THOMASVILLE AS CHAPTER 22, CAPTIONED “ZONING”, BY EXCLUDING A CERTAIN TRACT OF LAND FROM PARCEL 73 OF SECTION 22-81 CAPTIONED “C-1, LU COMMERCIAL-LIMITED USE (Adult Day Care and Reception Hall Only)”, TO DESCRIBE SAID EXCLUDED TRACT AND TO DESIGNATE THE SAID SAME TRACT AS PARCEL 91 OF SECTION 22-81 CAPTIONED “C-1, LU COMMERCIAL-LIMITED USE (MINI-STORAGE WAREHOUSES) WITH CONDITIONS”. TO ESTABLISH THE EFFECTIVE DATE OF THIS ORDINANCE; TO REPEAL ALL ORDINANCES IN CONFLICT HEREWITH; AND FOR OTHER PURPOSES.

Resolution authorizing submittal for Transportation Alternative Program (TAP) Grant through Georgia Department of Transportation (GDOT) to fund preliminary Engineering and Construction for Remington Avenue Road Improvement Project.

City Engineer, Wayne Newsome presented. The Transportation Alternatives Program (TAP) is a federally funded grant program administered by the Georgia Department of Transportation (GDOT) and authorized under the Fixing America’s Surface Transportation (FAST) Act. It authorizes funding to programs and projects defined as transportation alternatives, including on-and off-road pedestrian and bicycle facilities; infrastructure projects for improving non-driver access to public transportation, enhanced mobility; recreational trail projects; and safe routes to school projects. The TAP invests in projects that address critical local needs, including pedestrian and bicycle facilities, streetscape improvements, and safe routes to school. Based on these requirements, guidance from our 2019 Comprehensive Plan, and City Council guidance from the 2018 SPLOST retreat, a street improvement project on Kern Street and Remington Avenue (Smith Avenue to East Pinetree Boulevard) was viewed a needed and priority project for the community. The project under consideration should meet or exceed the requirements for potential funding through the TAP program. The TAP is a reimbursement program with the TAP paying for up to 80% of the project costs. The City would be responsible for all costs above the grant amount. TAP funding is available for projects with project related costs of at least $1,000,000. Those costs include preliminary engineering, plan development, construction documents, and construction. The minimum participation by the City would be 20% of the total cost in “hard cash”. No “soft costs”, i.e. in-kind services, are considered to count toward the City’s match. This is a competitive grant process, and the amount of the local match will be considered when ranking applicants. City Staff request that City Council consider a resolution to submit an application to the Georgia Department of Transportation for a Transportation Alternatives Program grant funded with federal money and that the City Manager be authorized to sign the application.
Councilmember Mobley moved to adopt the resolution as presented. Councilmember Presha seconded. There was no further discussion. The motion passed 5-0, with the following votes recorded:

AYES: Mayor Pro Tem Scott and Councilmembers Hufstetler, Flowers, Mobley and Presha.

The adopted resolution follows:
