**PERMIT HOLDER AFFIDAVIT**

The undersigned hereby acknowledges that the issuance of this permit does not in any way grant permission to the owner, owner’s representative or permit holder to proceed with demolition, wrecking or renovation work prior to the filling of the ten day “Project Notification for Asbestos Renovation, Encapsulation or Demolition” required by Georgia Law and administered by the Georgia Environmental Protection Division. In most cases, Georgia Law requires both the owner and the demolition contractor to assure the building is thoroughly inspected by an Accredited Asbestos Inspector for materials that contain asbestos and requires notification even if no asbestos is present in the building. Other environmental issues such as asbestos removal, lead abatement, ground contamination, etc. may have EPD regulations that could affect you project.
