Price Below Market Value

With Buyer Subsidy up to \$14,999
and Partial Credit Towards Lot Cost

City of
Thomasville
PLANNING

CHIP Grant Program Requirements

Community HOME Improvement Program (CHIP) funds assist home buyers with an optional **Buyer Subsidy** in the form of a deferred payment (forgiven) loan of **up to \$14,999** towards the purchase of a new house to be constructed on property owned by the Thomasville-Thomas County Land Bank Authority.

- Buyer must qualify for first mortgage of their choice, including from lenders such as USDA and Georgia Dream
- Buyer must contribute a minimum down payment of \$1,000.
- The price of the house will depend on the cost of construction, location, size, appraised value, and other factors.
- Applicants must have verifiable household income less than 80% Area Median Family Income (see chart) and have limited cash assets.
- There is no fee to apply for the grant; the applicant must pay \$100 for required homebuyer workshops and counseling to an approved Housing Counseling Agency.

Homebuyer workshops and housing counseling are offered in Thomasville by the Community Outreach Training Center. The housing counselor will assist the buyer with addressing challenges related to credit or debt-to-income levels, and in securing first mortgage financing. Call **229-233-8075** to register for the classes and to schedule an appointment with a counselor.

Applicants will be placed on a first-come, first-served wait list based on the date/time a completed application is submitted. Eligible applicants on the wait list will be served in the order in which their real estate closing is scheduled so long as grant funds are available.

Buyers who receive a CHIP Subsidy will sign loan documents that will include a “forgiven” Second Mortgage (Deed to Secure Debt). The loan does not have to be re-paid so long as the owner meets certain conditions during the “affordability period”, generally 5 years; the loan amount due will decrease at a rate of 20% per year throughout this period.

During the affordability period, the owner must:

- Remain as the primary occupant of the house;
- Not rent or lease the house to someone else;
- Not sell or transfer the house to someone else;
- Not take out a new loan or mortgage against the house;
- Maintain insurance on the property and pay the property taxes;
- Not be in default on the first mortgage or undergo foreclosure.

If these conditions are not met, the owner is obligated to pay back the portion of the loan still due at that time.

The following income limits apply to the 2016 CHIP program:

2018 Thomas County Median Family Income Limits						
80% Area Median Income	HOUSEHOLD SIZE					
	1	2	3	4	5	6
	\$27,400	\$31,300	\$35,200	\$39,100	\$42,250	\$45,400
